

SR 9B from US 1 to Interstate 95 (I-95) Duval County, Florida Financial Project ID: 209294-9

Proposed Noise Barriers

The Department of Transportation (FDOT) is seeking input to verify support for, or opposition to, the construction of noise barriers within FDOT right-of-way. Primary consideration will be given to the viewpoints of adjacent, affected property owners. **Completion of the attached survey is highly encouraged.**

The proposed segment of SR 9B would extend from US 1 to I-95 in Duval County, Florida. The need for the SR 9B interchange is primarily to provide linkage from SR 9B to I-95 and from I-95 to SR 9A. This linkage is needed to satisfy the traffic demand expected as a result of development and rapid population growth in the southeastern Jacksonville area.

January 19, 2012

TIME:

Open House Format
from 4:30-6:30 pm.
At 6:30pm a public
comment period will
be provided.

Questionnaire Regarding Potential Noise Walls

SR9B from US1 to Interstate 95

FM No: 209294-9

Responses to this questionnaire will be used in the decision-making process regarding the construction of the proposed noise walls. Only the input from affected adjacent property owners and/or renters who would derive a direct benefit from the walls will be tabulated. Primary consideration will be given to the viewpoints of the affected adjacent property owners.

Build or No-Build? (Please check one)

- The noise walls should be built.
- The noise walls should NOT be built.
- No opinion.
